

DATEX-OHMEDA® TUFFSAT

Typical Manufacturer's Picture

Product Info

The Tuffsat is an ideal oximetry solution for spot checks for hospital, home care, transport and EMS.

- Lightweight, ergonomic design
- Rubber grip offers secure handling
- Intuitive feature set-minimal training required
- Rigorously stress tested - exceeds international durability standard
- Reduced cost of ownership
- Water resistant for ultimate protection in all conditions
- Relative Perfusion Index helps locate best site for the sensor by providing a quantitative value to compare the strength of the pulse signal at different sites on patient
- Superior portability – fits conveniently in a pocket or can be worn using the included carrying case
- Excellent visibility in low light conditions. Backlit, large LCD display provides easy to read numbers
- Low battery indicator for added convenience
- Reduced operational costs-auto shut-off extends the battery life
