

The **Medicap USB 200** is the medical industry's easiest full-featured video recording solution. Your videos and still images are recorded directly to a USB flash drive or optional hard drive. The recorded videos are DVD-quality, bit without all the hassles of DVD disks.

Medical Video Recorder

Records from your endoscope, arthroscope, Surgical Camera, Ultrasound, etc. Saves to a flash drive or hard drive that can be accessed from any computer on your network.

Intuitive Use

It's so easy, no training is needed. Just plug it in and go. You'll be recording videos within minutes of opening the box.

Medical Grade

With its steel case and fluid resistant front panel, the USB200 is built to withstand the rigors of the OR, and it's so compact it will fit on any cart.

Features

- Captures and stores video and still digital images on USB flash drive.
- Color LCD monitor on front panel.
- Easy installation.
- Affordable, small, and portable.
- Powerful, friendly features.
