Midmark 623 Barrier-Free Examination Table

SOMA TECHNOLOGY, INC.™
New, Demo & Refurbished Medical Equipment

The **Midmark 623 Barrier-Free Examination Table** allows patients incapable of getting onto an exam table (whether it be the elderly, or young children) to easily get on, increasing the patient's comfort and satisfaction with the patient experience. To meet the needs of America's disabled patients, as well as the physicians who care for them, the barrier-free exam tables decrease the chance of injury, helping maintain the patient's dignity and reducing their anxiety. This will help increase exam room efficiency, comfort, and safety.

Features

- Low-height
- Premium Comfort System material
- Foot control
- Hand control (Optional)
- Easy-to-clean removable upholstery
