

## PASA 2018 Annual Meeting

Harrisburg, PA

October 1<sup>st</sup>, 2017

## Pennsylvania Ambulatory Surgery Association 2018 Conference

### About

It is with great pleasure that the Pennsylvania Ambulatory Surgery Association (PASA) board invites you to the Annual (PASA) conference and general meeting on Monday, October 1, 2018. PASA recognizes the importance of “excellence in practice” and thus, our goal is to provide resources and speakers that support this goal.

2018 has been a year filled with exciting collaborative meetings between the state departments that affect and govern our ASCs and PASA Representatives. It will be a pleasure to share our success stories at the annual meeting. As always, the PASA Board pledges to continue to work for the membership; we seek to provide assistance and support and education, as together we face the many challenges of our industry, in this ever-changing environment.
