

Tuttnauer EZ9-The Tuttnauer EZ9 Autoclave System features a 9" Chamber. The ease of a one touch design satisfies all of your sterilization and drying needs. With a simple touch a button, the fully automatic Tuttnauer EZ9 Autoclave sterilizes, fills, exhausts and dries. A closed door active drying system is featured to maintain sterility and ensure efficient drying of packs and pouches.

## **Features**

- New contemporary design with an easier to read bright blue display panel.
- Pre-loaded cycles for: unwrapped instruments; wrapped/packs; liquid and additional drying cycle.
- All program parameters can be changed and stored.
- Automatic shut off at the end of both the sterilization and dry cycles.
- Audible and visual cycle interruption alert. Double safety locking device prevents door from opening while chamber is pressurized.
- Low water sensor prevents activation of sterilization cycle when there is insufficient water in the chamber or reservoir.
- Constant monitoring of temperature and pressure for sterilization.
- Power outage recovery system.
- Door design prevents steam from coming in contact with control panel.
- Optional printer.
- High Efficiency air pump.
- Decreased overall drying time.
- Closed door drying.
