Welch Allyn Quinton TM65 Stress Treadmill

The **Welch Allyn Quinton TM65** stress treadmill. Discover the ideal combination of simplicity and precision. With its whisper-quiet operation, tests are conducted in a serene environment, enhancing patient focus. Effortless operation is at your fingertips, eliminating complexities. At its core, the ultradrive system ensures impeccable control, delivering accuracy even at slow speeds and high weights. Elevate your stress testing with the TM65 for unmatched ease and reliability.

Features

- Easy-to-read cardiac stress systems simplify the process of starting, controlling, and stopping the treadmill.
- Clear displays allow you to easily locate test duration, speed, and grade.
- The stress system allows you to bring your patients to a comfortable stop, gradually reducing speed and lowering the grade to zero.
- Optional rapid deceleration capability is available for the times you need to slow and stop the treadmill quickly, such as stress echo peak exercise imaging.
